

THE BEST SEWING MACHINE NOW IN MARKET.

ANDERSON C. H., S. C., May 8, 1872.
MR. JOHN H. CLARKE, Agent Singer Sewing Machine Company.

Dear Sir: In reply to your inquiry, asking my opinion of the sewing machines you are selling, I would reply: The Singer Machine is of that class which uses two threads, making the lock stitch, a stitch generally considered more reliable and preferable than the single or its substitute. It combines with strength, simplicity, accuracy and ease of movement, qualities which should recommend it to all seeking a reliable sewing machine. Other machines are now in the market which do good work and are well constructed, but from an examination of the principal leading machines, I believe that the combination of machinery adopted, together with good workmanship, and its numerous and superior attachments for hemming, tucking, braiding, quilting, &c., make the Singer Sewing Machine the best now offered to the public. The use of this machine is not difficult to acquire, and very ordinary intelligence will soon gain sufficient knowledge of it to do any ordinary sewing. To any one seeking a good and reliable sewing machine, durable, and capable of the whole range of work now obtainable by these, there will be found in the Singer all that they desire, and in my opinion the best sewing machine now in the market.

Respectfully,
THOS. B. LEE, Jr.,
Civil and Dynamical Engineer.

How We Used to be Physicked.

Who does not remember the time when spring purgation was considered indispensable to summer health? No matter for wry faces, the inevitable salts and senna, rhubarb, or calomel and jalap, must be administered. These "spring medicines," the youngest were told, were to keep them hale and hearty during the summer. We all know now that this was a fallacy; that new vigor, not depletion, is what is required at the commencement of the summer solstice. As a preparation for the enervating effects of oppressive summer weather, a course of Hostetter's Stomach Bitters is highly expedient. This famous vegetable preparation has three prominent properties: It renovates, purifies, and regulates all the functions of the body. It is composed exclusively of pure vegetable products, viz: the essential principle of Monongahela Rye, and the most efficacious tonic and alterative roots, barks, and gums known to medical botanists. Hence, it is an absolutely safe medicine, and no tincture of the Pharmacopoeia can compare with it either in purity, or in the variety of its objects, and its comprehensive results. Happily for mankind, the theory that it was necessary to prostrate a patient in order to cure him, is forever exploded, and the true philosophical doctrine, that vigor is one great antagonist of disease, has taken its place. Hostetter's Bitters is an invigorant, and hence it is the proper medicine for the feeble at this most trying season of the year.

Be sure that you obtain the genuine article, as there are innumerable vile imitations in the market. Look to the ornamental stamp, the engraved label, and the name blown into the glass. Hostetter's Stomach Bitters is sold in bottles only.

A Melancholy Break-Down.—There are lively break-downs that make an audience laugh, and there are sad and sorrowful break-downs that make the kind-hearted grieve. To the latter class belongs the enervation of the body and mind which is usually called "generable debility," or "nervous weakness," and which, when neglected, too often terminates in atrophy and death. A wholesome medicated stimulant is the one thing needed in cases of this description, and science and experience unite in pointing to **PLANTATION BITTERS** as the true specific. The fact that it combines the properties of an invigorant with those of a regulator and alterative, in exactly the proportions necessary to produce a radical change in the tone of the system, and the action of the digestive and secretory organs, is an unanswerable argument in its favor as a general restorative.

"G. M. D." Don't stand agast with awe and fear, eyes wide open, hair on end and fingers tightly clinched with the idea that these mysterious symbols are cabalistic signs and represent some secret organization of masked demons, who carry terror and dismay with their midnight prowling and disperse on the dawn of morning. They are only the initials of Dr. Pierce's Golden Medical Discovery, that pleasant medicine which has acquired a National reputation, and proven so efficacious in Coughs, Colds, Bronchitis, Consumption and kindred diseases. For these complaints it has no equal. Sold by all druggists.

Unprecedented Success. Within the past year 200,000 boxes of DR. TUTT'S VEGETABLE LIVER PILLS have been sold, and not a single instance is known where they have failed to give satisfaction. If you would enjoy life, have a fine appetite and robust health, use these Pills.

Dr. W. H. TUTT.—It affords me much pleasure to testify to the great value of your Liver Pills. They are all they are represented to be. In my opinion, there are no Pills so well adapted to the Southern climate as they are.
Yours truly,
JOS. BRUMMEL,
Late of Richmond, Va.
